Social Media: To increase communication with the membership, President Irwin created a Facebook page for our chapter. To date he has posted photos and and invites members to “like” the page to keep up with current news and events. Some members have expressed concern that if they “like” the page, others will have access to their personal page – this is not the case. To prevent people that are not your FB friends from viewing your wall, info and photos, you’ll need to initiate the security settings on your FB page.
